Work Experience

Student Graphic Designer
Oregonstate University, Corvallis, OR
October 2016 – Present

- Create multiple designs and layout options for different projects such as flashcards and thank you cards
- Standardize scientific figures for the MIC website by formatting and saving them in a cohesive style
- Research and utilize design processes when beginning a new project to create more successful and thoughtful products
- Communicate with coworkers to understand desired outcomes for projects and to improve upon designs from feedback
- Draw icons in order to be used as visual aids for a flashcards project

Assistant Manager & Photographer
The Picture People, Salem, OR
December 2015 – September 2016 (Promoted to Assistant Manager in July 2016)

- Photographed sessions between 1 to 25 subjects (ages 3 weeks and up)
- Directed photo sessions with respect to: posing, prop use, backdrops, and more to fine tune the image
- Designed example wall arrangements, frames, photo cards and more to show clients the potential they can do with their photos
- Collaborated with clients on goals and desired outcomes for the photoshoot in order to understand their needs and expectations
- Presented the final photo product to customers in a professional manner
- Advised clients on our bundles, individual prices, and the full spectrum of our products so that they can make the most economical and fulfilling choice for themselves
- Edited photos in order to enhance their quality so customers received a more professional and satisfying final product
